

# Sustainability at UPS

UPS is a global leader in logistics, offering a broad range of supply chain solutions including transporting packages and freight, facilitating international trade, and deploying advanced technology to more efficiently manage the world of business.

In every aspect of our business, we are Committed to More™ – helping customers pioneer more sustainable solutions, delivering packages more efficiently, creating more connections around the world, and finding more ways to take action and give back.

## Connected Communities

**\$104 million**

in total charitable contributions in 2014

**\$8 million**

in humanitarian relief across 43 countries in 2014

## Economic Enhancement

**4.6 billion packages**

delivered in 2014, connecting people in more than 220 countries and territories

**Over \$13 million**

for economic, educational, and leadership support for underserved or underrepresented populations globally in 2014

## Empowered People

**1.8 million**

volunteer hours from UPS employees, families and friends in 2014

**Goal: 20 million**

volunteer hours by the end of 2020

## Environmental Responsibility

**More than 5,000 vehicles**

in our alternative fuel and advanced technology fleet in 2014

**Delivered more goods**

for our customers, while reducing our per-package greenhouse gas emissions for the third year in a row
